

# Greenfylde Dog at half term

At half term Greenfylde Dog had a lot of fun at home.

The sun was shining so he sat in the garden with his sunglasses on. He remembered to stay in when the sun was very high and he had even found his hat in his bedroom.

He helped put the washing out.

Most days he played with his kitten and both of them liked to share their toys, although his kitten did like to chew on all the toys he played with!

Getting his paws in the soil was brilliant and Greenfylde Dog had his own wheelbarrow so he could help plant flowers and vegetables.

Baking was good fun and messy too and Greenfylde Dog enjoyed eating what he made especially if it was cakes.

Sometimes Greenfylde Dog liked some quiet time when he could just snuggle up with a book.

Have you seen the birds in a garden  
not when you go for a walk?

Greenfyldde Dog likes to feed the  
birds in the garden and watch them  
all fly down. Can you recognise any  
birds like blackbirds and robins?

He also likes playing with his sister and his family or even playing on his own with his toys.

What do you like doing at half term? Tell an adult about all the different activities and adventures you get up to. You may be able to do this over the telephone or on a video chat with a relative you don't get to see as much at the moment.
