

**Greenfylde Dog
meets some of the
adults at
Greenfylde School**

"I wonder who will look after me at school?", thought Greenfyldde Dog. He started to think about the people he would meet when he started school.

He was looking forward to meeting Miss Oaten, the Headteacher and had been told that she would be doing a storytime for the children on Tapestry next month.

Mrs Lewis is the Deputy
Headteacher and he knew he would
meet her too.

He knew from his friends that the staff in class were very kind and he looked forward to meeting Miss Woodley in Pippin class.

His friends Bear and Monkey were in
Dove class and their teachers were
Mrs Caines...

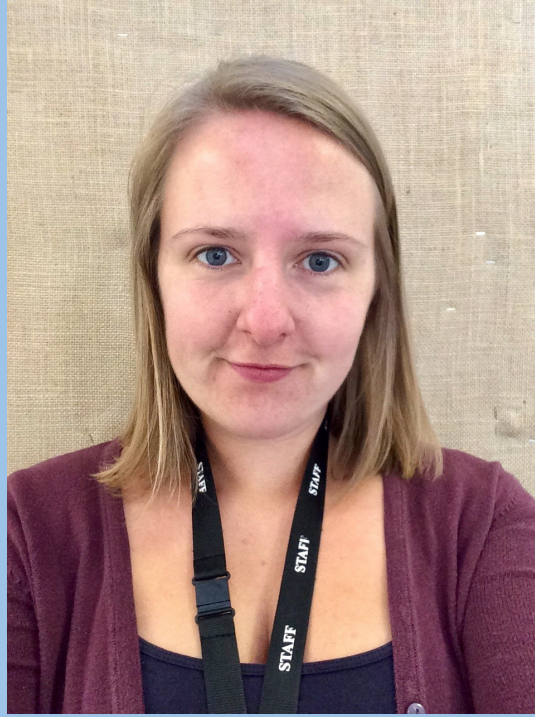

and Mrs Linthorne.

Finally, there is Sandew class with their teacher Miss Bullen

There were other adults who Greenfylde Dog knew worked and helped children in class too. He knew he would meet Hannah...

and Jackie...

and Angela.

He even knew he might meet the office staff who helped in lots and lots of ways and he might see them if he went on messages for his teacher. Greenfylde Dog thought he would be very responsible if he took messages to Tina and Amy.
